Speaker of the House of
Representatives
Washington, D.C. 20515

Dear Mr. Speaker:

Enclosed find the report required pursuant to title 10, United States Code, section 12302 (d), relating to those units of the Ready Reserve of the Armed Forces that remained on active duty under the provisions of section 12302 as of January 1, 2004.

Retention of these units was required by continuing military requirements related to the ongoing national emergency declared in accordance with the National Emergencies Act and authorized under Executive Order 13223 of September 14, 2001, "Ordering the Ready Reserve of the Armed Forces of the United States to Active Duty and Delegating Certain Authorities to the Secretary of Defense and the Secretary of Transportation."

Ready Reserve units of each of the Armed Forces are still performing essential missions in the homeland, the Americas, Southwest Asia, Europe, and the Pacific, supporting our global war on terrorism.

Sincerely,

David S. C. Chu

Overview

Subject: Report to Congress Pursuant to Title 10, United States Code, Section 12302 (d)

This report reflects our continued successes through January 1, 2004, in mobilizing Reserve component (RC) service members and units (not including the Coast Guard) in support of operations Noble Eagle, Enduring Freedom, and Iraqi Freedom. We remain alert to potential adverse impacts on RC members, their families, and their employers.

The report highlights several matters, including:

- Mobilization of Reserve forces continues to be necessary in order to maintain the pace of operations associated with the war on terror. We continue to use our Reserve forces only for missions that are both judicious and prudent. We will not retain our Reserve forces on active duty one day more than is absolutely necessary.
- The armed forces remain ready to respond to emergencies where support to civil authorities on a temporary basis is deemed absolutely essential. However, DoD and its Reserve component forces must not be placed in a position where we become a manpower pool for duties that are not inherently military.

As of January 1, 2004, the number of Reserve service members participating in Noble Eagle, Enduring Freedom, and Iraqi Freedom was 181,501, approximately 15 percent of the Selected Reserve.

- 180,336 were ordered to active duty under Section 12302 (a) of title 10, United States Code a decrease of 30,198 since we last reported on July 1, 2003. Overall, participation since September 11, 2001, under Section 12302 (a) of title 10, United States Code has been 336,335 approximately 28 percent of the Selected Reserve.
- 7,048, an increase of 1,030 since July 1, 2003, were on duty under other authorities (annual training, active duty for training, and active duty special work) supporting Noble Eagle/Enduring Freedom. These service members were generally considered volunteers.
- 1,341 Guardsmen were serving on State Active Duty, an increase of 516 since July 1, 2003. These personnel are not on federal duty and are funded by the individual states. The governors consider those still on duty to be necessary to ensure public safety.
