9 **“§ 2410r. Multiyear contract authority: purchase of**
10 **alternative fuels**

11 “The head of an agency (as defined in section 2302)
12 may enter into contracts for a period not to exceed 20
13 years for the purchase of alternative fuels.”.

14 (2) **CLERICAL AMENDMENT.—**The table of sec-
15 tions at the beginning of chapter 141 of such title
16 is amended by adding at the end the following new
17 item:

“2410r. Multiyear contract authority: purchase of synthetic fuels.”.

1 (b) REGULATIONS.—Not later than 120 days after
 2 the date of the enactment of this Act, the Secretary of
 3 Defense shall prescribe regulations providing that the
 4 head of an agency may initiate a multiyear contract as
 5 authorized by section 2410r of title 10, United States
 6 Code (as added by subsection (a)), only if the head of the
 7 agency has determined in writing that—

8 (1) there is a reasonable expectation that
 9 throughout the contemplated contract period the
 10 head of the agency will request funding for the con-
 11 tract at the level required to avoid contract cancella-
 12 tion;

13 (2) the technical risks associated with the tech-
 14 nologies for the production of synthetic fuel under
 15 the contract are not excessive;

16 (3) the contract will contain appropriate pricing
 17 mechanisms to minimize risk to the Government
 18 from significant changes in market prices for energy;
 19 and

20 (4) the contract will not be used by the Depart-
 21 ment to finance new facilities intended to produce
 22 fuel for Federal consumption.

23 (c) LIMITATION ON USE OF AUTHORITY.—No con-
 24 tract may be entered into under the authority in section

1 2410r of title 10, United States Code (as so added), until
2 the regulations required by subsection (b) are prescribed.

3 (d) CONDITIONS ON OBLIGATION OF FUNDS.—A con-
4 tract entered into for alternative fuels pursuant to sub-
5 section (b) shall include the following provisions:

6 (1) A statement that the obligation of the
7 United States to make payments under the contract
8 in any fiscal year is subject to appropriations being
9 provided specifically for that fiscal year and specifi-
10 cally for alternative fuels.

11 (2) A commitment to obligate the necessary
12 amount for each fiscal year covered by the contract
13 when and to the extent that funds are appropriated
14 for that purpose for that fiscal year.

15 (3) A statement that such a commitment given
16 under the authority of this section does not con-
17 stitute an obligation of the United States.

Amendment Offered by Rep. _____

H.R. 1540—National Defense Authorization Act for Fiscal Year 2012

To be inserted in the appropriate place the report:

Miramar Air Station Trap and Skeet Range

The committee notes that the San Diego Shotgun Sports Association (SDSSA) has operated a trap and skeet range on Marine Corps Air Station Miramar, California since 1957, providing free recreational shooting for active duty military personnel and their families for more than 50 years and strengthening the bond between the residents of the community and the United States Marine Corps. The committee understands that operation of the trap and skeet range has ceased while environmental mitigation and cleanup measures are conducted.

The committee directs the Secretary of the Navy to provide a report to the Senate Committee on Armed Services and the House Committee on Armed Services by December 31, 2011 that includes the following:

- (1) Details of a plan to make adjustments to the range property and reopen the trap and skeet range for operation without affecting the environmental sensitive area containing lead shot;
- (2) Plans and timeline to reopen the trap and skeet range;
- (3) Other locations available on the base where a trap and skeet range can be operated;
- (4) Criteria needed to operate a trap and skeet range while properly meeting necessary environmental laws through a Lead Management Plan (LMP);
- (5) Possible revenue collected through implementing a lead mining operation on the trap and skeet range guided by a certified LMP;
- (6) Details of all environmental clean-up measures necessary to reopen the trap and skeet range;
- (7) A copy of the environmental assessment that was completed for the trap and skeet range including documentation detailing the imminent danger and hazard of lead contamination in the local water source directly linked to the lead shot from the trap and skeet range.
