The Honorable Joel Hefley  
Chairman  
Subcommittee on Readiness  
Committee on Armed Services  
United States House of Representatives  
Washington, D.C. 20515-6035

Dear Mr. Chairman:

Title 10, USC, Section 2811 (as amended by Public Law 105-85), requires that the Secretary concerned shall submit Congressional notification to the appropriate committees when they plan to carry out a repair project in excess of \$7,500,000. This letter notifies the committee of a repair project to be accomplished at the U.S. Army Reserve Center, Trenton, New Jersey, with a total estimated funded cost of \$7,542,000 using locally available Operations and Maintenance, Army Reserve (OMAR) funds.

This undertaking involves repair of failed or failing utilities, mechanical systems, interior floors, ceilings and interior surfaces of the food service areas. This repair project is consistent with force structure plans, is more cost effective than replacement, and is an appropriate use of operation and maintenance funds.

Sincerely,

Joseph W. Whitaker  
Deputy Assistant Secretary of the Army  
(Installations and Housing)  
OASA(I&E)
