Dear Mr. Speaker:

Enclosed find the report required pursuant to title 10, United States Code, section 12302(d), relating to those units of the Ready Reserve of the Armed Forces that remained on active duty under the provisions of section 12302 as of July 1, 2003.

Retention of these units was required by continuing military requirements related to the ongoing national emergency declared in accordance with the National Emergencies Act and authorized under Executive Order 13223 of September 14, 2001, "Ordering the Ready Reserve of the Armed Forces of the United States to Active Duty and Delegating Certain Authorities to the Secretary of Defense and the Secretary of Transportation."

Ready Reserve units of each of the Armed Forces are still performing essential missions in the homeland, the Americas, Southwest Asia, Europe, and the Pacific, supporting our global war on terrorism.

Sincerely,

David S.C. Chu

Overview

Subject: Report to Congress Pursuant to Title 10, United States Code, Section 12302(d)

This report reflects our continued successes through July 1, 2003, in mobilizing Reserve component (RC) service members and units (including the Coast Guard) in support of operations Noble Eagle, Enduring Freedom and Iraqi Freedom. We remain alert to potential adverse impacts on RC members, their families, and their employers.

The report highlights several matters, including:

- Mobilization of Reserve forces continues to be necessary in order to maintain the pace of operations associated with the war on terror. We continue to use our Reserve forces only for missions that are both judicious and prudent. We will not retain our Reserve forces on active duty one day more than is absolutely necessary.
- The armed forces remain ready to respond to emergencies where support to civil authorities on a temporary basis is deemed absolutely essential. However, DoD and its Reserve component forces must not be placed in a position where we become a manpower pool for duties that are not inherently military.

As of July 1, 2003 the number of Reserve service members participating in Noble Eagle, Enduring Freedom and Iraqi Freedom was 211,699, approximately 17 percent of the Selected Reserve.

- 204,856 were ordered to active duty under Section 12302(a) of title 10, United States Code. The increase since the January 1, 2003, report reflects the Reserve contribution to Operation Iraqi Freedom. Overall participation since September 11, 2001, under Section 12302(a) of Title 10, United States Code has been 292,093, approximately 24 percent of the Selected Reserve.
- 6,018, an increase of 966 since January 1, 2003, were on duty under other authorities (annual training, active duty for training, and active duty special work) supporting Noble Eagle/Enduring Freedom. These service members were generally considered volunteers.
- 825 Guardsmen were serving on State Active Duty, an increase of 307 since January 1, 2003. These personnel are not on federal duty and are funded by the individual states. The governors consider those still on duty to be necessary to ensure public safety.
