

Title II - Armed Services

Section By Section

Sec. 20001 – Enhancement of Department of Defense Resources for Improving the Quality of Life for Military Personnel.

This section provides over \$7.3 billion in mandatory funding and \$1.24 billion in direct spending for the following purposes: to renovate military barracks and unaccompanied housing; to prevent shortages in the provision of healthcare services under the Defense Health Program; to provide supplemental payments of Basic Allowance Housing to military personnel; to extend eligibility for Temporary Lodging Expense Allowance from 14 to 21 days to cover out-of-pocket expenses for servicemembers undergoing permanent change of station; to expand educational opportunities and childcare fee assistance for servicemembers; to expand professional licensure assistance programs for military spouses; and to carry out additional activities under the Defense Community Infrastructure Program. This section also provides temporary authority for the military services to enter into public-private partnerships for the renovation of existing and construction of new unaccompanied housing. CBO estimates this authority will increase direct spending by \$1.24 billion.

Sec. 20002 – Enhancement of Department of Defense Resources for Shipbuilding.

This section provides \$33.7 billion in mandatory funding for the following purposes: to improve infrastructure and expand capacity at private shipyards and throughout the maritime industrial base supply chain; to construct new battle force ships; and to develop and procure autonomous unmanned surface and subsurface vessels.

Sec. 20003 – Enhancement of Department of Defense Resources for Integrated Air and Missile Defense.

This section provides \$24.7 billion in mandatory funding for the following purposes: to develop and deploy new space and terrestrial based capabilities to detect and interdict missiles, including hypersonic missiles bound for the homeland with kinetic and non-kinetic means; to accelerate the deployment of ongoing missile defense systems, and to improve all related infrastructure.

Sec. 20004 – Enhancement of Department of Defense Resources for Munitions and Supply Chain Resiliency.

This section provides \$20.4 billion in mandatory funding for the following purposes: to develop and acquire additional stocks of hypersonic, air-to-air, cruise, anti-ship, ballistic, and anti-radiation missiles; to develop and acquire additional stocks of torpedoes, mines, and underwater explosives; to develop and acquire additional stocks of munitions, ammunition, and one way attack autonomous systems; to improve infrastructure and expand capacity in the munitions industrial base; to expand domestic capacity to mine

and refine rare earth elements and critical minerals; and to develop and acquire additional missile defense interceptors, counter UAS systems, and other air defense systems. This section also provides mandatory funds for loan and loan guarantees to develop reliable sources of critical minerals.

Sec. 20005 – Enhancement of Department of Defense Resources for Scaling Low-Cost Weapons into Production.

This section provides \$13.5 billion in mandatory funding for the following purposes: to expand the capacity of the small UAS industrial base; to develop and deploy joint command and control technologies; to attract commercial innovation for defense capabilities; to expand joint prototyping and experimentation; to accelerate integrations of commercial innovation to support defense logistics; to expand programs to scale commercial technologies for defense purposes; to scale the development of low cost, attritable weapons systems; to improve the test, AI, and autonomy ecosystem; to expand quantum computing research; and to improve qualification activities and technical data management to enhance competition in the defense industrial base. This section also provides mandatory funds for Office of Strategic Capital loans and loan guarantees.

Sec. 20006 – Enhancement of Department of Defense Resources for Improving the Efficiency and Cybersecurity of the Department.

This section provides \$380 million in mandatory funding for the following purposes: to replace antiquated business systems and deploy automation and artificial intelligence systems to accelerate the audit of Department financial statements; and to improve the cybersecurity of Department information technology systems.

Sec. 20007 – Enhancement of Department of Defense Resources for Air Superiority.

This section provides \$7.2 billion in mandatory funding for the following purposes: to acquire additional and modernize existing fighter, cargo, tanker and special purpose aircraft; to prevent the retirement of certain fighter aircraft; and to acquire next generation manned and unmanned aircraft.

Sec. 20008 – Enhancement of Department of Defense Resources for Nuclear Forces.

This section provides \$12.9 billion in mandatory funding for the following purposes: to accelerate the modernization of the nuclear deterrent; to improve the readiness of existing nuclear forces; and to improve the infrastructure and expand the scientific and production capacity of the nuclear enterprise.

Sec. 20009 – Enhancement of Department of Defense Resources to Improve Capabilities of United States Indo-Pacific Command.

This section provides \$11.1 billion in mandatory funding for the following purposes: to improve military readiness through additional campaigning and exercises; to improve existing and build new infrastructure to support military operations; to improve kinetic, non-kinetic, and ISR capabilities; to expand offensive cyber operations; to resource

economic security operations; to enhance space superiority; and to expand joint military training and provide additional military support to the government of Taiwan.

Sec. 20010 – Enhancement of Department of Defense Resources for Improving the Readiness of the Armed Forces.

This section provides \$11.5 billion in mandatory funding for the following purposes: to acquire spare parts to keep ships, aircraft, and land systems mission capable; to modernize and improve the infrastructure of military depots and shipyards; to acquire additional capabilities for Special Operation Forces; to improve readiness of Marine Corps and National Guard units; and to acquire additional capabilities for Army and Marine Corps forces.

Sec. 20011 – Improving Department of Defense Border Support and Counterdrug Missions.

This section provides \$5 billion in mandatory funding for the deployment and operation of military personnel and assets in support of Department of Homeland Security activities to the secure the borders of the United States.

Sec. 20012 – Enhancement of Military Intelligence Programs.

This section provides \$2 billion in mandatory funding to improve certain military intelligence programs.

Sec. 20013 – Department of Defense Oversight.

This section provides \$10 million in mandatory funding to the Department of Defense Inspector General to audit funds provided under this title. It also provides for the transmission to the Department of a classified memorandum regarding funds made available under this title for classified programs.

Sec. 20014 – Military Construction Projects Authorized.

This section provides authorization to use military construction funds provided under this title and requires the military departments to submit an expenditure plan to Congress for military construction projects funded under this title.

Sec. 20015 – Plan Required.

This section requires the Secretary of Defense to submit an expenditure plan to Congress for funding provided under this title. It also requires annual reports to Congress on the expenditure of funds made available under this title.

Sec. 20016 – Limitation on the Availability of Funds.

This section prohibits the outlay of funds provided under this title beyond September 30, 2034.
