

Fact Sheet: The One Big, Beautiful Bill Delivers Peace Through Strength

American Deterrence is Failing:

- Defense spending is not keeping up with inflation and we are now at the lowest level of defense spending as a percentage of our GDP since before WWII.
- We face new and growing threats from adversaries including the Chinese Communist Party, Russia, Iran, and North Korea.
- After 4 years of Biden bungling, **American deterrence is failing.**

Restoring America's National Security and Achieving *Peace Through Strength* Requires a Generational Investment:

President Trump is committed to making America more secure with his ***Peace Through Strength*** agenda. To accomplish this, we are making a **historic down payment** in the One Big, Beautiful Bill to ensure our military remains the best in the world.

- The One Big, Beautiful Bill's **\$150 billion investment in our national security** will restore American deterrence, and build the **ready, capable, and lethal fighting force** President Trump promised.
- This generational investment in our military allows us to begin **rebuilding the future of American defense and supercharging American manufacturing** at a time when it's needed most.
- This bill was developed with **close collaboration** between the House and Senate Armed Services Committees and the White House **to support President Trump's agenda.**

This Legislation Delivers on President Trump's Priorities:

This bill includes some of the President's highest priorities, and it's exactly what the American people voted for:

- ✓ **Restoring American deterrence**
- ✓ **Securing our borders**
- ✓ **Modernizing our military**
- ✓ **Revitalizing America's defense industrial base**
- ✓ **Improving our servicemembers' quality of life**
